

TEXT ALERT

Please update your TeamSnap player profile to enable text messages for game day and practice changes. Follow the steps below.

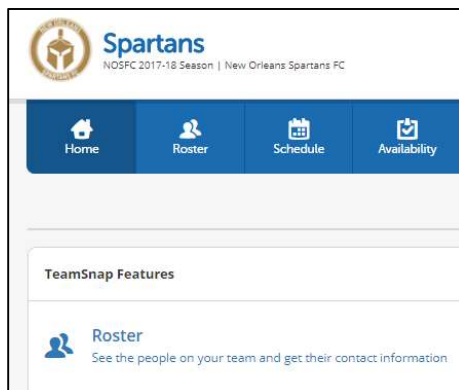

TeamSnap has a text alert capability and all should utilize this feature to allow alerts for game day changes - such as tournaments. The feature defaults to off and so every parent needs to enable. Here are the basic steps:

From your PC ONLY:

1. Log into your account

A screenshot of the TeamSnap login page. At the top is the teamsnap logo. Below it is a form with two input fields: "Email" and "Password". There is a checkbox labeled "Keep me logged in (?)" and a link "Forgot Password?". A green "Log In" button is at the bottom of the form. Below the button is a link: "Looking for a team you were invited to?".

2. Click on ROSTER

Click on your player's name

3. **Do not click the edit** at the top next to the player name, instead scroll down to the "Family Members" section.
4. Click edit next to your (the parent's) name
