

Parents,

Please fill out the [LSA medical release form](#) and upload a copy to your player information, along with [Insurance Card](#) and [Birth Certificate](#). TeamSNAP is a tool for our club and the team manager to have all information on all players in one spot.

Please follow the steps below to complete this process. Thanks!

To upload your forms, follow the steps:

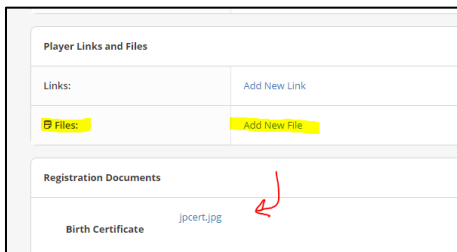

1. Click ROSTER

2. Click on your player

3. Scroll to the bottom to PLAYER LINKS and FILES

4. Once you add a new file, you will see it posted.

Make sure to upload a PASSPORT LIKE photo. This means that it should be a head shot of the player by him/hersself. The TeamSNAP picture will be uploaded and sent to LSA for the players' card. There is no need to upload a picture on Gotsoccer at this time. Just make sure your TeamSNAP picture is appropriate. Here is an example:

Thank you!
